I hereby certify that:

- 1) The meat and offal are derived from animals which were originated from an area which was not under any restrictive measures for notifiable, contagious, infectious and parasitic disease.
- 2) The meat and offal are derived from animals which passed ante- and post-mortem inspection under veterinary supervision at time of slaughter and were found free from contagious, infectious and parasitic diseases at time of slaughter.
- 3) The meat and offal are derived from animals which were slaughtered, processed, cut and stored hygienically at the establishments and were found to be sound, wholesome and fit for human consumption.
- 4) The meat and offal are derived from animals which were not subjected to a stunning process, prior to slaughter, with a device injecting compressed air or gas into the cranial cavity or to a pithing process.
- 5) The bovine meat, offal and meat products do not contain, and have not commingled with tissue from spinal cord, skull, brain, eyes, dorsal root ganglia, tonsils, distal ileum, all of which have been removed from the carcass in a hygienic manner.
- 6) The result of the tests and/or other documents submitted have not provided any evidence as to the presence of chemical/drug residues or toxic substances which could be harmful to human health.
- 7) The meat, offal and meat products were packed and transported under hygienic conditions.
